The right choice. Right from the start.

RightMatch™

## Matched Systems Deliver Maximum Safety

With ever-evolving technology and regulations, all your condenser and furnace equipment is more important than ever. Designed and tested to work as one integrated system, Intertherm coils, furnaces, and outdoor units are the right choice for all your HVAC needs.

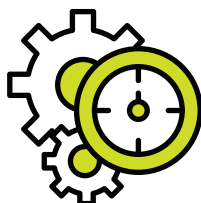

### Benefits of Matched Systems

#### Safer

Superior safety features & benefits of our matched systems include:

- All-new refrigerant leak detection system
- System automatically shuts down if a leak occurs
- Constant leak detection & mitigation

#### Efficient

Our innovative matched systems deliver holistic operational efficiency:

- Engineered & manufactured to work together
- Maximized energy performance
- Easier to install & maintain

#### Effective

With a 5-year extended warranty, our matched systems offer:

- One manufacturer for all warranty needs
- Greater peace of mind
- Time & money savings
